Cautionary Note

1. Please use the included adapter to charge the speaker and microphone's internal rechargeable battery.
2. Plug the adapter into an 110-240V AC outlet.
3. It takes approximately 3 hours to fully charge the machine.
4. The machine will emit a "DIDI" sound when the battery is low. Please charge it promptly.
5. In order to extend the battery life, it is recommended to charge the machine even when it is not in use.
6. It is suggested to charge the internal battery for an additional 1-2 hours to extend its lifespan.
7. Please do not overcharge the battery by leaving the system plugged in for an extended period of time. This may reduce the battery's life and cause overheating.

Music

How to Connect Bluetooth

Playing music from your device

This machine will be ready to connect via Bluetooth as soon as you turn it on. To use this feature, simply search for the machine name ("T7") under your playback device's Bluetooth connection settings and click to connect.

How to Use TF Mode

Playing music from an TF card

Plug your TF card into the designated slot on the back of the machine. Playback will begin immediately. Please make sure TF card has music file.

How to Connect to An External Media Source

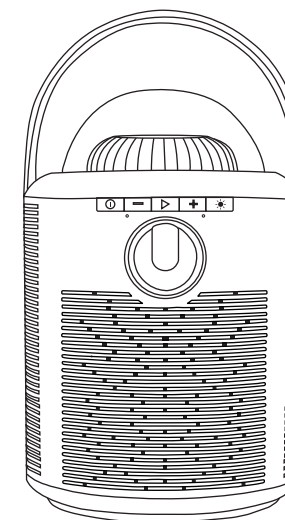

To connect an external media source such as a MP3 player or phone, insert the AUX cable into the designated AUX input on the machine. Then, connect the other end of the cable to your external device.
